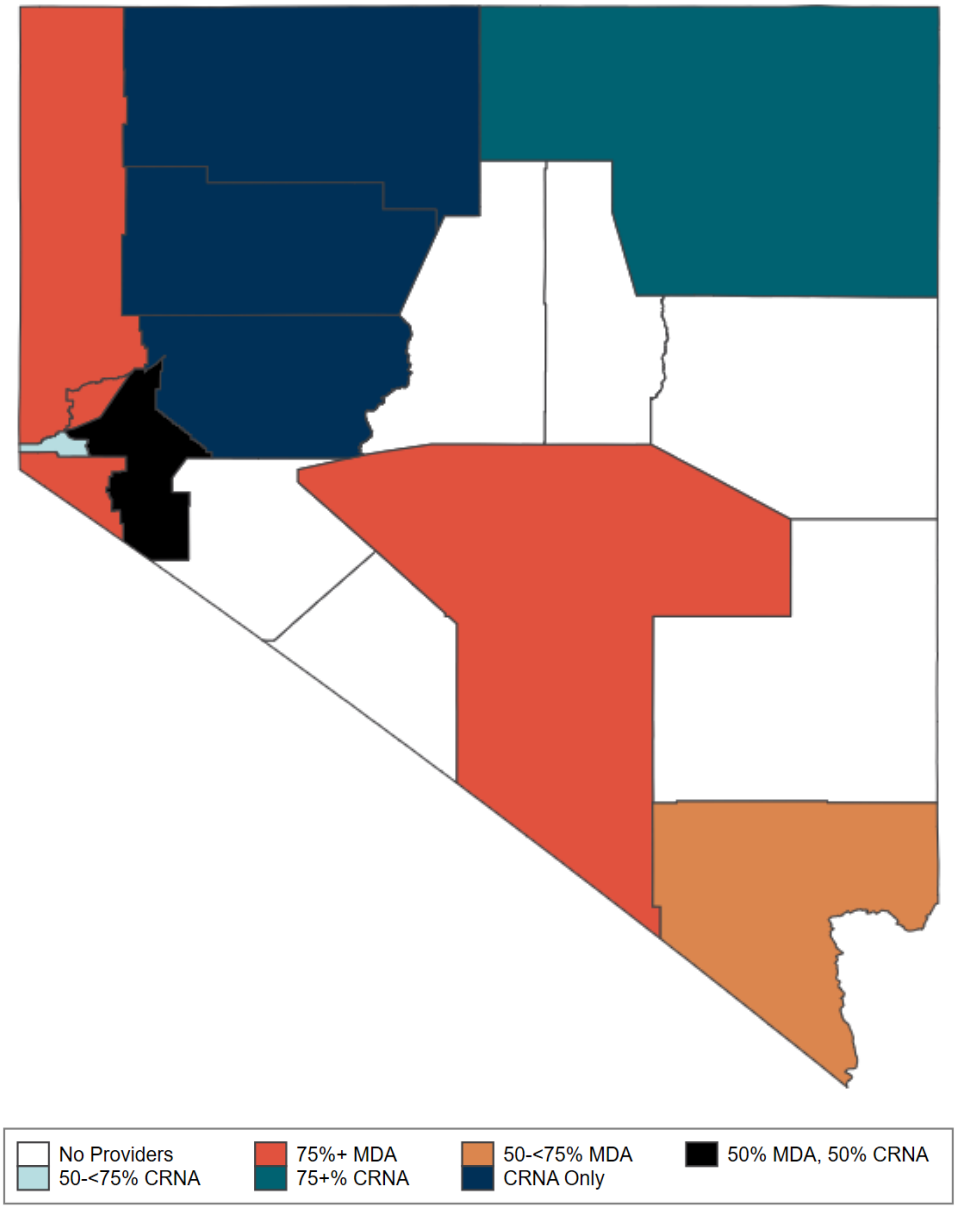
2026 Distribution of Anesthesia Providers

Nevada

*CRNA=161 (28.0%), *MDA=415 (72.0%)



Map illustrates the percentage of CRNAs or MDAs of the combined total anesthesia providers in each county.

***Unique providers in state**

Data Source: Anesthesia providers were identified using the Physician Compare National Downloadable file. Physician Compare includes records for each practice address of all providers who bill Medicare Part B. Those who have a practice address in multiple counties are represented in each county. Some providers who do not bill Medicare Part B may not be accurately represented such as those working exclusively for the Veteran's Administration or CRNAs practicing at rural hospitals electing cost-based reimbursement under the Medicare Part A nurse anesthesia exception.
