

# Nevada Association of Nurse Anesthetists Strategic Plan 2025-2027

## Our Mission

Service through Advocacy, Education and Protection

## Our Vision

NVANA: CRNAs collaborating to be Nevada's

- Advocate for CRNA practice rights
- Leaders in statewide autonomous practice
- "Go to" resource for CRNA information and continuing education (Long term goal)

## Our Desired Outcomes

NVANA exists to create an environment where:

- CRNAs have full practice rights
- Legislators know the facts about CRNA care and its safety record
- Healthcare decision-makers (hospital administrators, healthcare partners and insurers) make decisions favorable to CRNAs.
- Surgeon mindsets are positively changed about CRNA care.
- CRNAs are valued and integral members of the healthcare team
- Patients advocate for CRNAs inside hospital systems.
- CRNA programs benefit from CRNA clinical sites in Nevada and create reciprocal benefits.
- Advocate for growing the CRNA pipeline among nursing schools across the state

## Our Strategic Values

*Does this decision, action or approach demonstrate*

Long Term Strategic Perspective/Direction? Teamwork/Collaboration? Marketplace Aggressiveness/Competitiveness?

**Overarching Goals: APRN status, then Opt-Out, Mobile Dental status, full practice rights with independent practice/business friendly**

### Government Relations

### Member Engagement

### Association Infrastructure

A. Initiate bold action to improve the status of CRNAs in Nevada

B. Inspire pride of ownership in NVANA, finding new ways to create member value.

C. Establish a sustainable infrastructure to support the work of NVANA.
